

# DDD workshop dag 1

Daniël Mertens

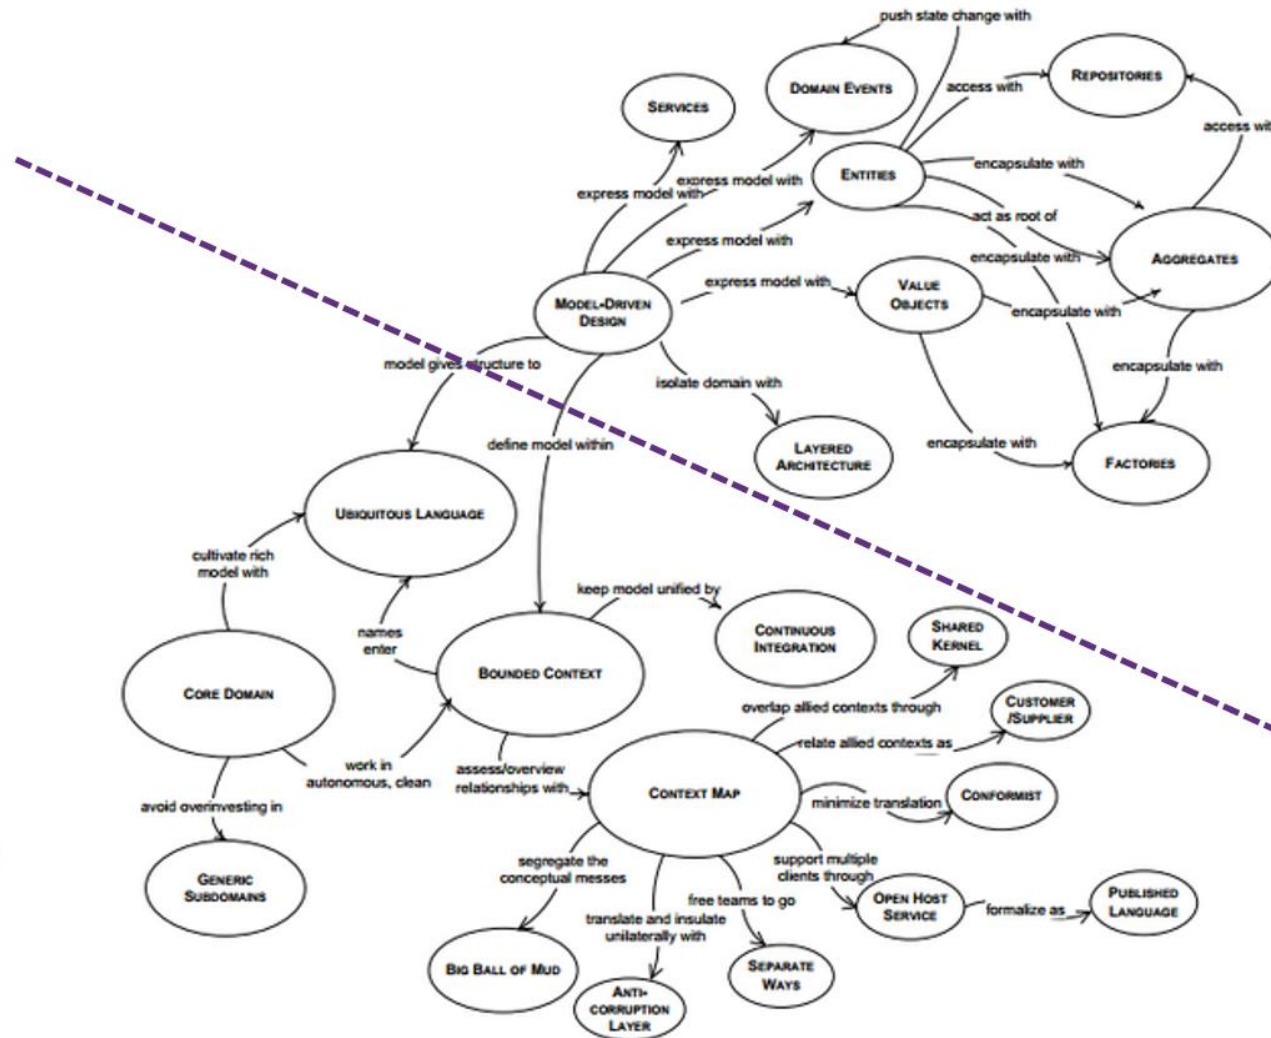

- Daniël Mertens
- Consultant bij Info Support
- 4 jaar actief in DDD
- Padel
- Coding puzzles

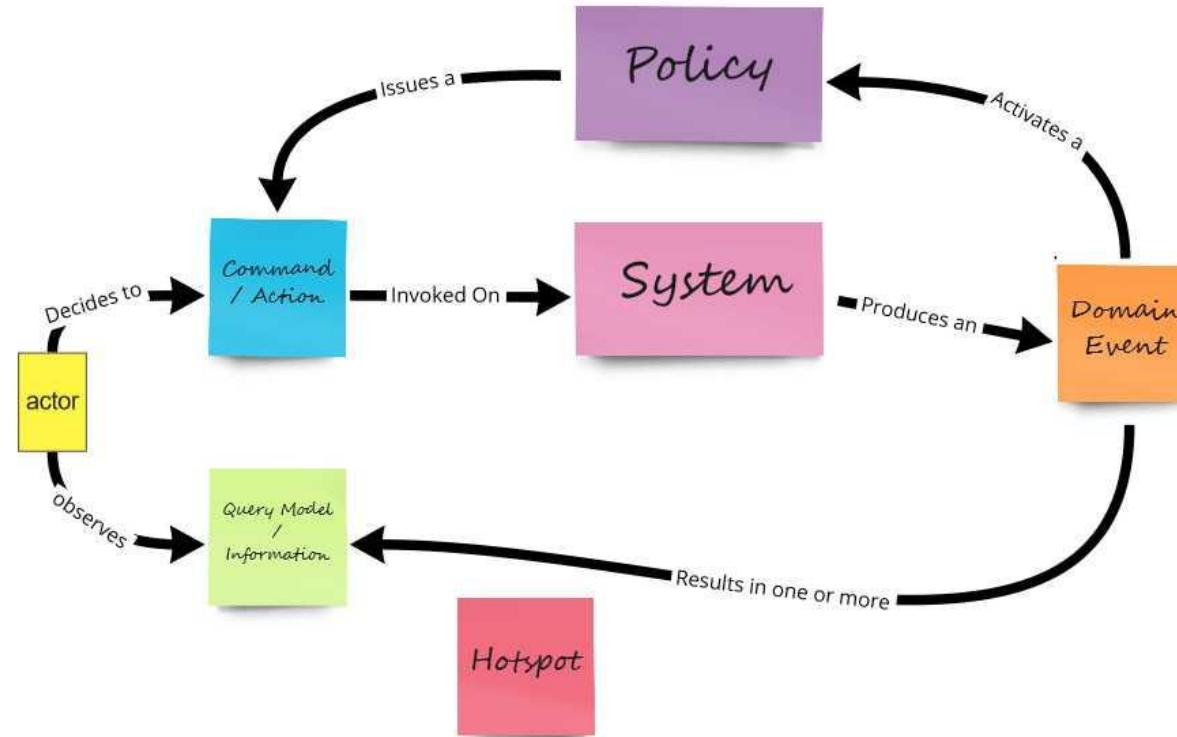

# ▲ Tactical vs Strategic

STRATEGIC

TACTICAL

# Strategic

## Example

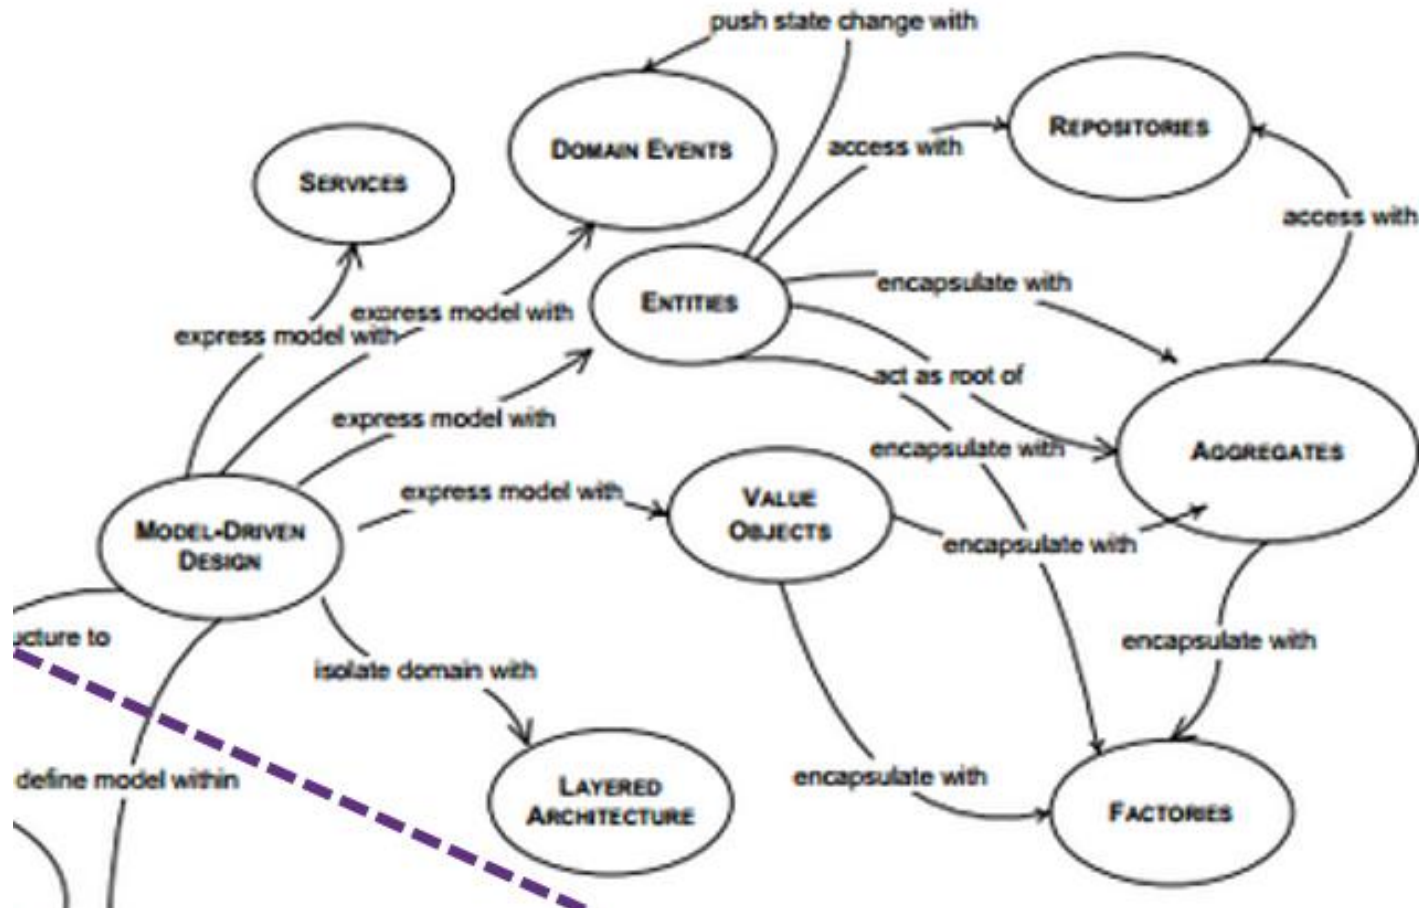

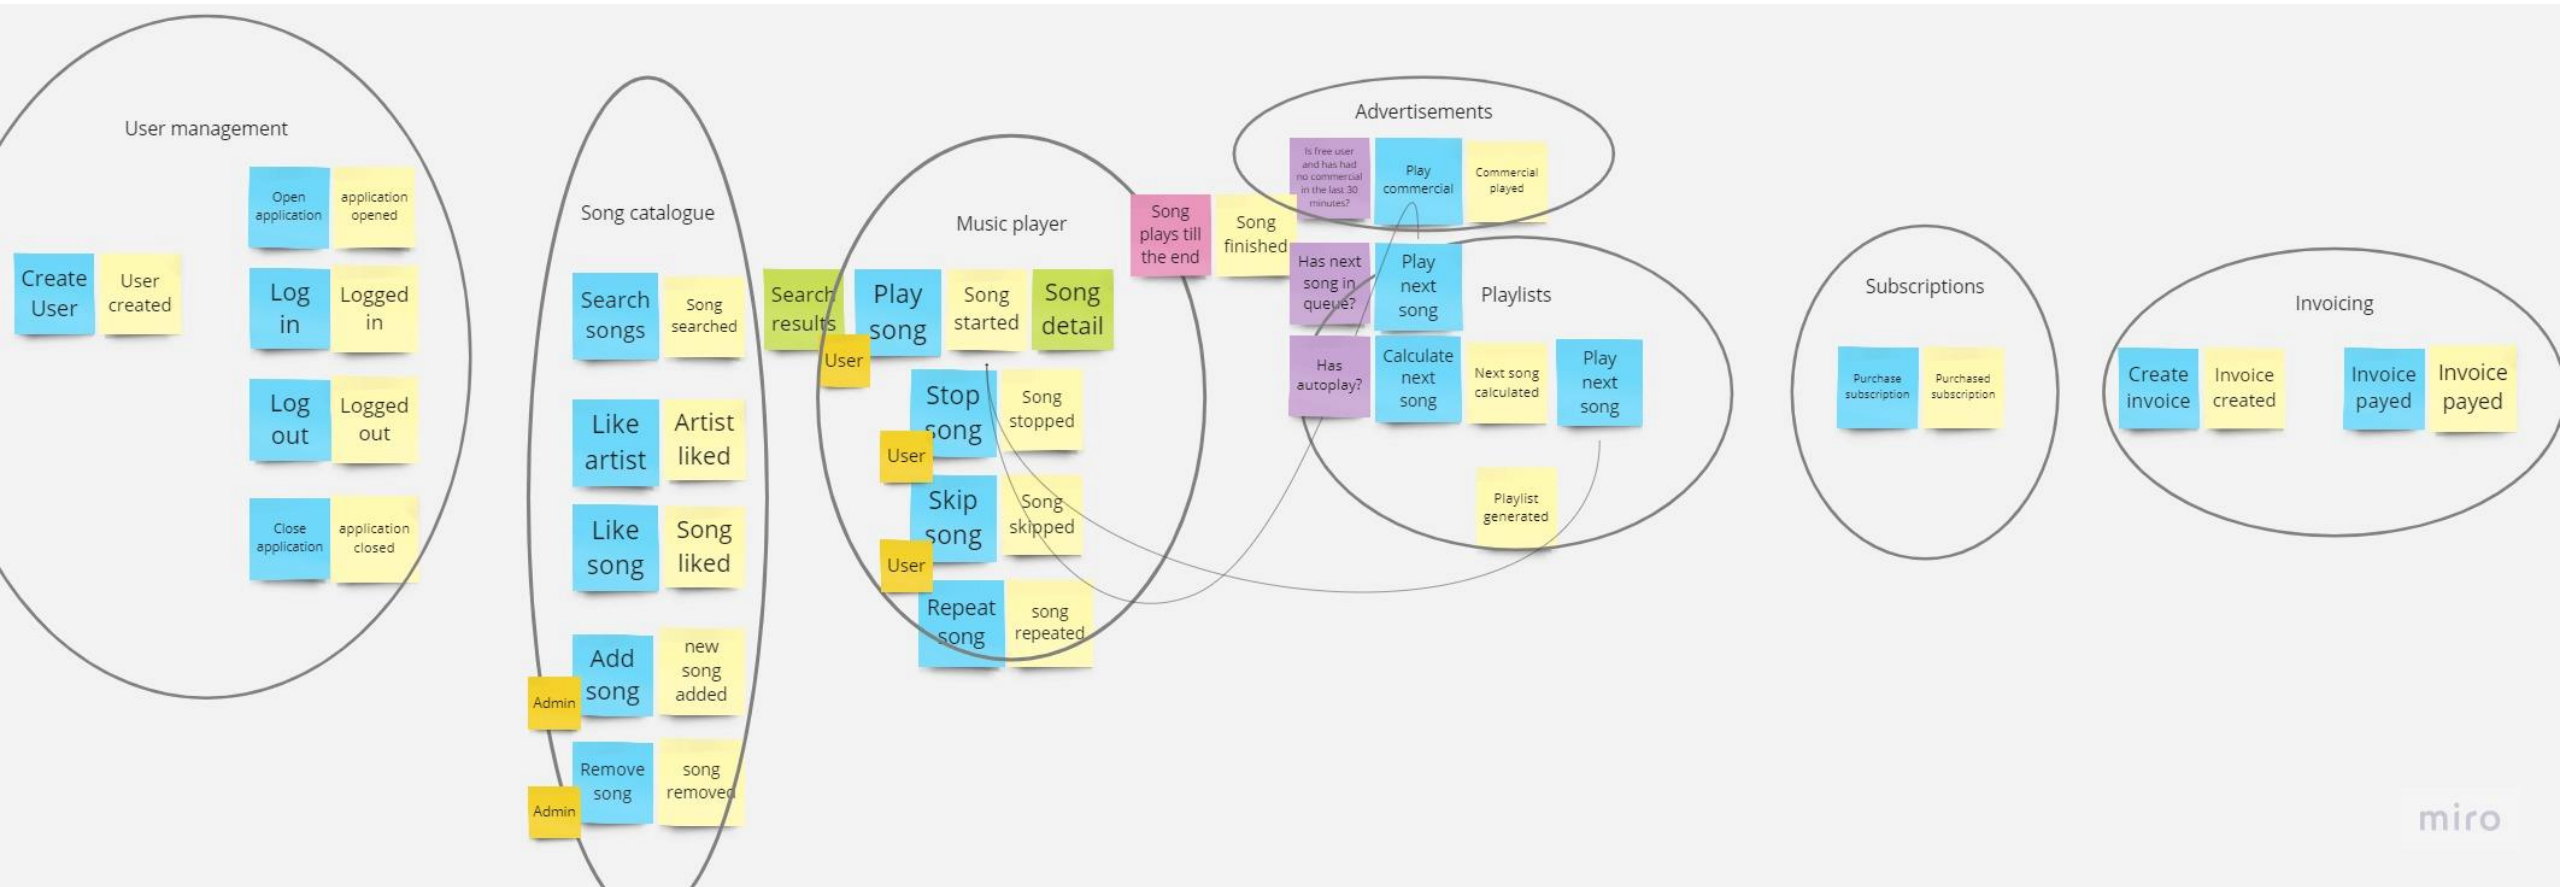

## ▲ Event storming

- Wordt uitgevoerd met mensen uit de hele business
- Creëert een representatie van een business proces
- Representeert waar de bottlenecks zitten
- Legt je ubiquitous language vast

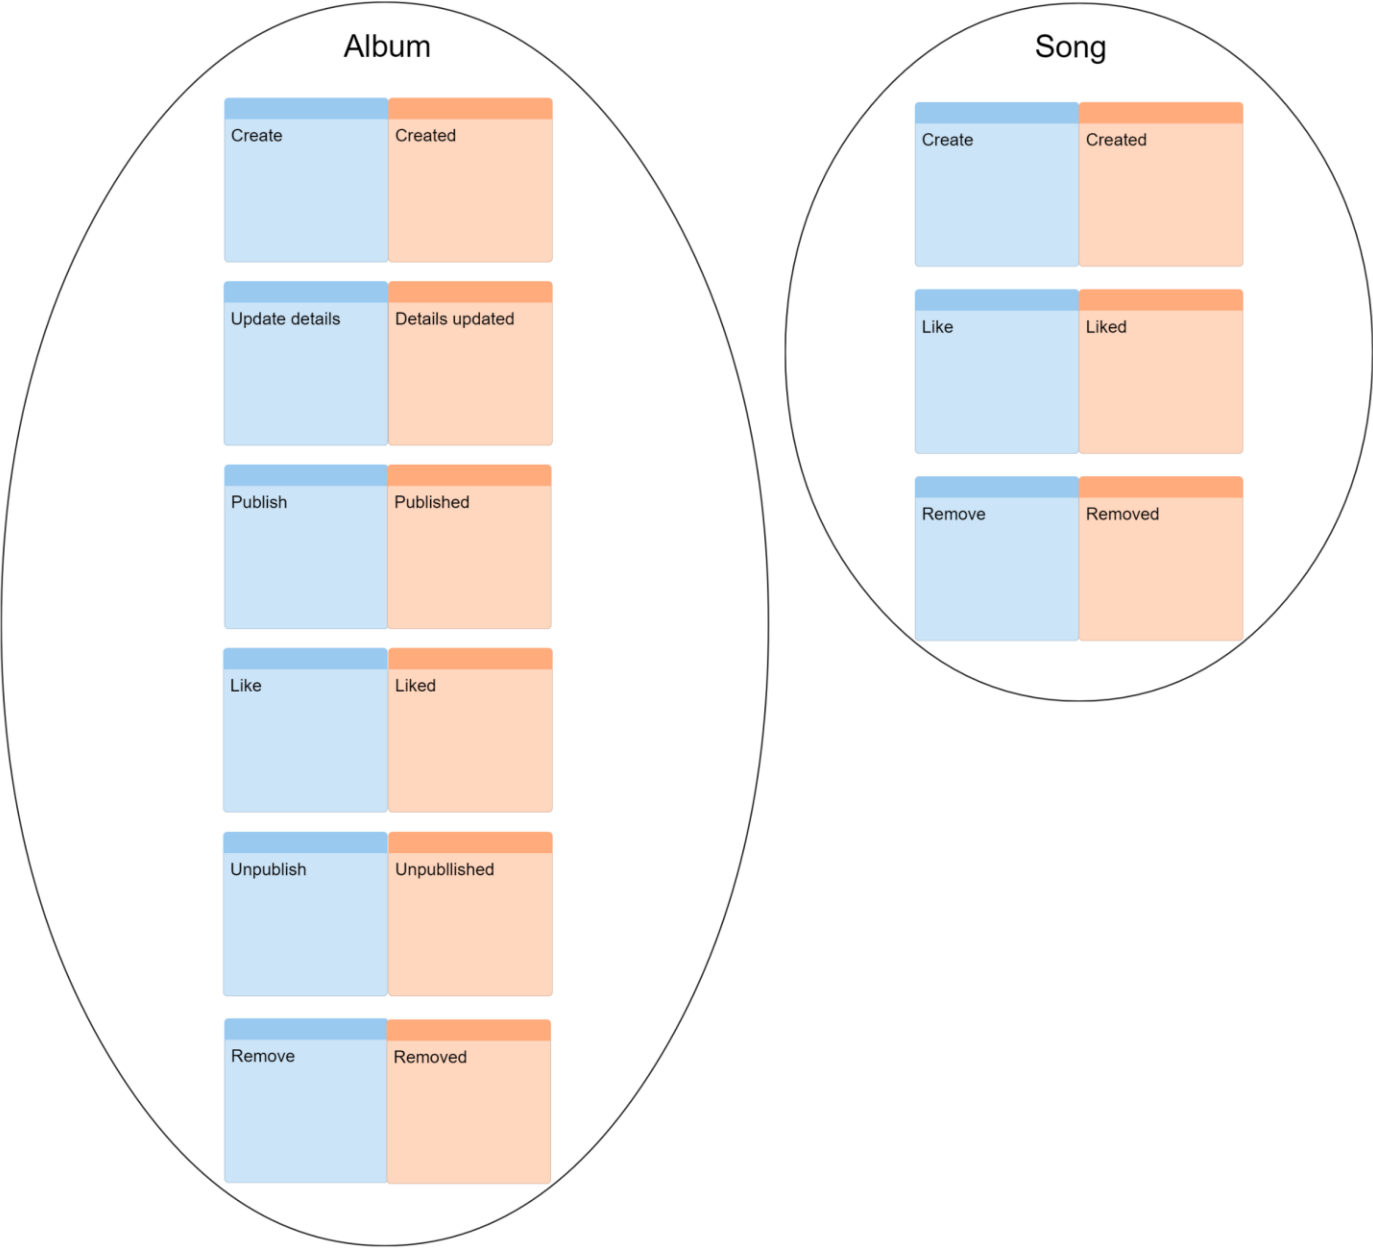

# ▲ Tactical

TACTICAL

# Catalogue

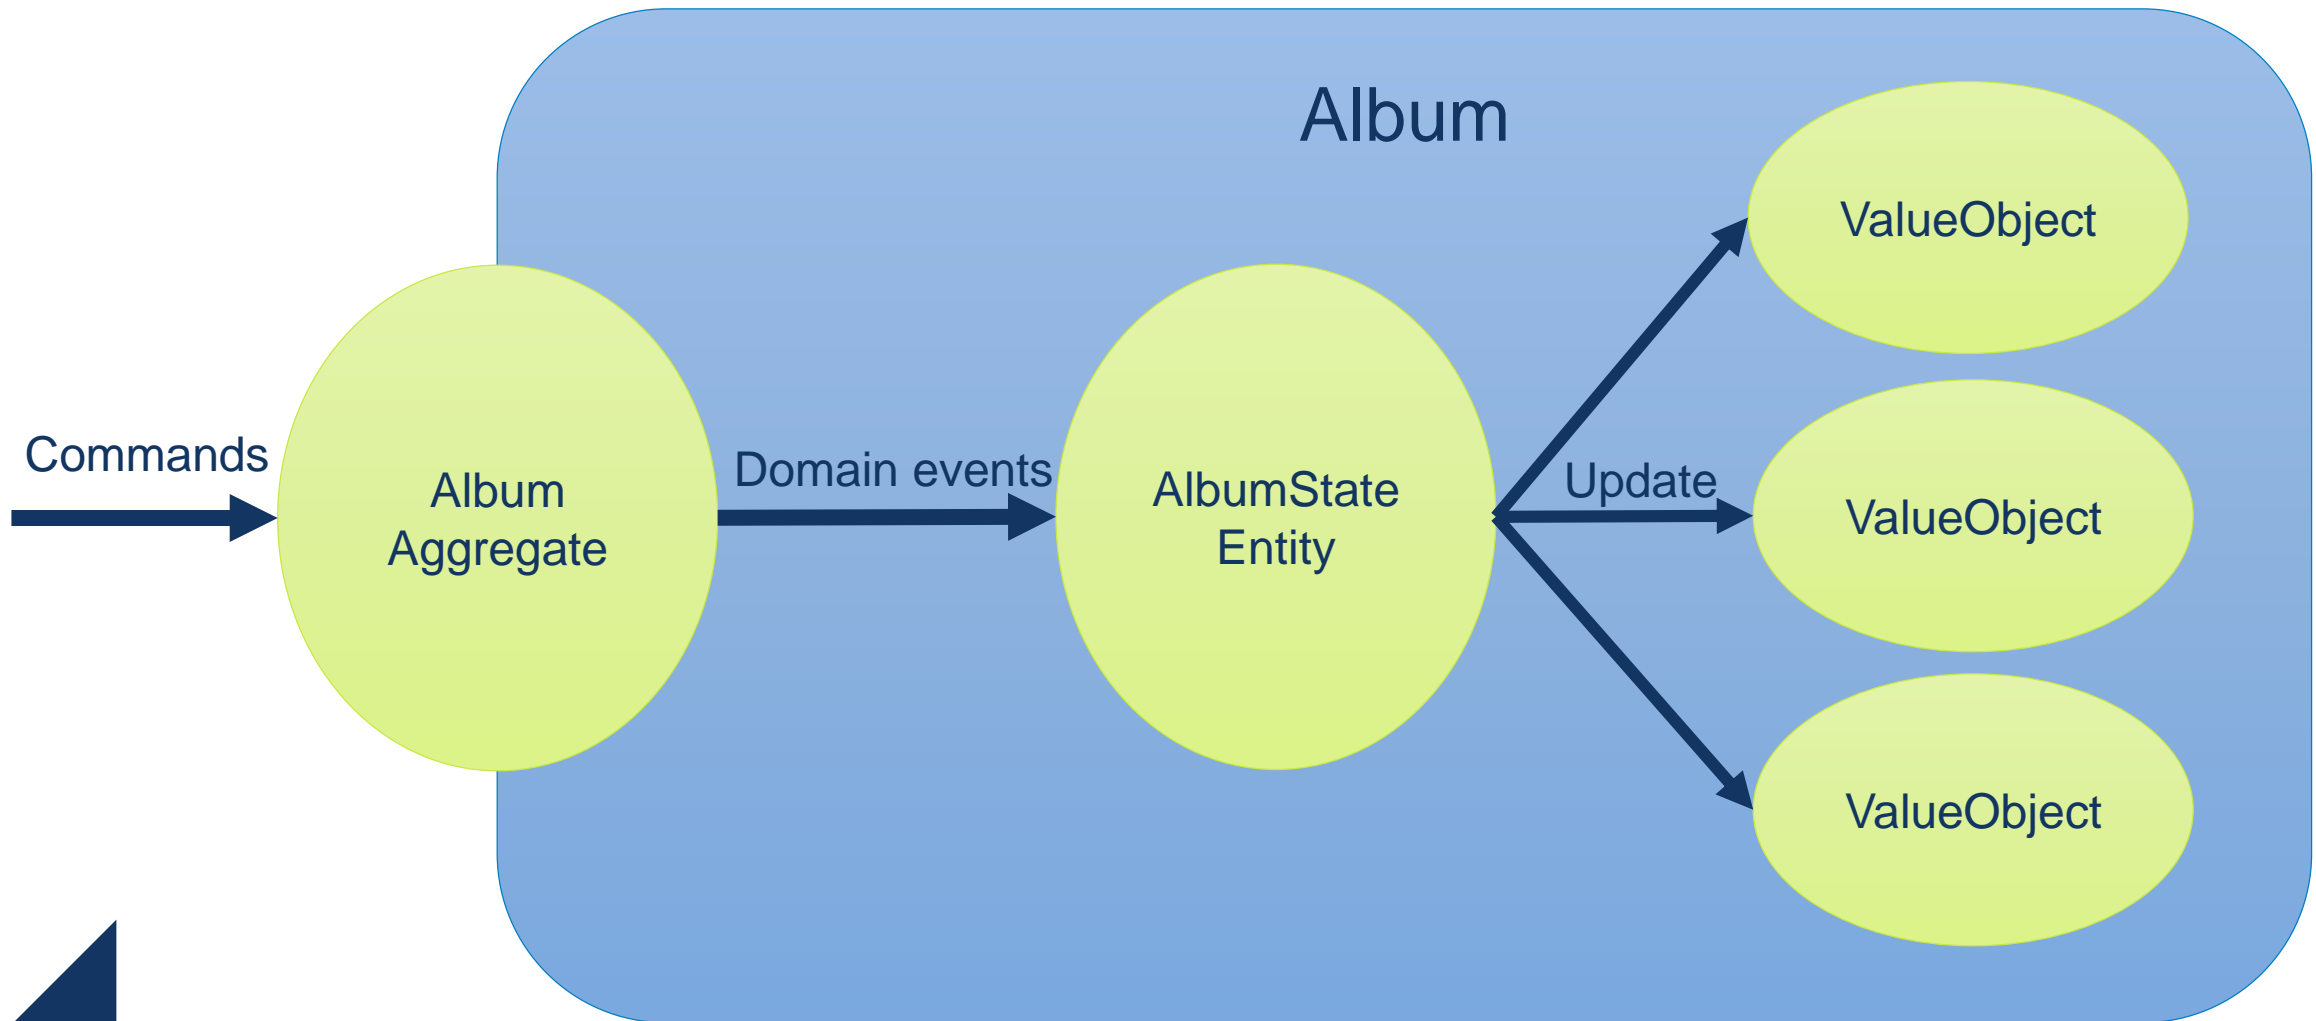

- ▲ No framework, just code

<https://bit.ly/HarmonyTunes>

## Domain

# ▲ Mob programming / Individual programming

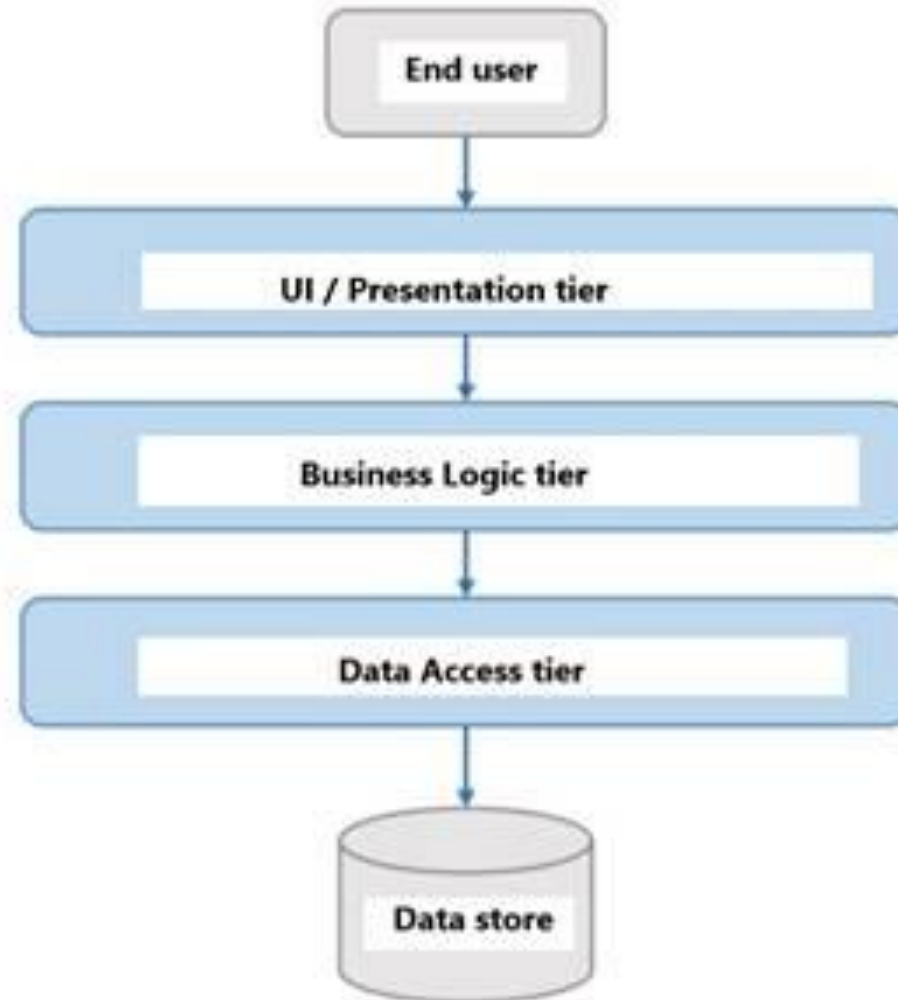

- Stel vragen!

*There are only two hard things in Computer Science:  
cache invalidation and naming things.*

*~ Phil Karlton*

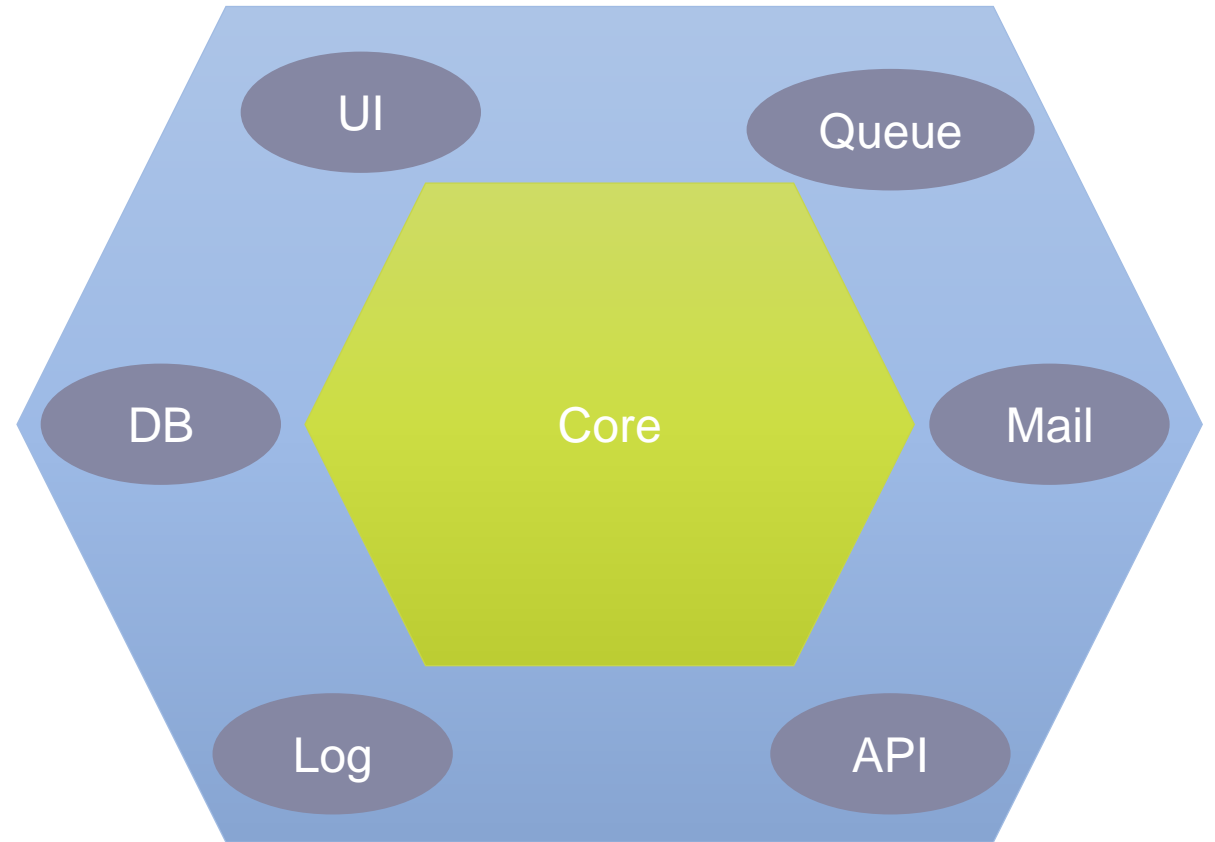

## Architecture

## Architecture

Onion architecture

Hexagonal architecture

▲ Back to code
